

# REAPER LINK

High-Performance Rugged  
Tactical Edge Compute

## ENGINEERED FOR THE EDGE

- 12V to 48V DC power input
- Operating temperature range of -40°C to 70°C
- Tested to MIL-STD-810 shock and vibration standards

## ADVANCED PROCESSING PERFORMANCE

- Powered by 12th Gen Intel Core processing
- PCIe Gen 4 expansion
- Optional 4G/5G/LTE
- Wi-Fi compatibility

## CONNECT TO ANYTHING, ANYWHERE

- Can be configured with up to 14x LAN (6x 2.5GbE, 8x 1GbE)
- PoE+ support on up to 10x ports
- Other connectivity includes dual Display Ports, 2x COM, 6x USB 3.2 Gen 2, dual SIM slots and integrated 18-pin GPIO (16-bit DIO, CAN bus, External Switch)

## OVERVIEW

MAX CPU: 24 CORES

RAM: 64GB, SO-DIMM  
DDR4 Wide TEMP

Primary Storage: 2TB SATA  
or 4TB NVMe

Additional hot-swap storage  
bay up to 2TB (2.5" SATA X 2)
